In this regard, the ILSE follows the International Olympic Committee (IOC) guidelines for determining the age of competitors in ELC. In short, a competitor’s age is determined by how old he or she is as at December 31 of the year in which they are participating in the ELC. Particular age requirements are detailed in each of the ELC.
- i) Personal and other insurances are the responsibility of each person attending an ILSE ELC irrespective of their capacity e.g. competitor, team official, technical official, handler, supporter, delegate, board member, commission member, spectator etc.

- a) The following ocean events (see chart below) shall be conducted in both male and female categories for Masters ELC. For event descriptions, see Section 4 of the ILSE Competition Rulebook.
- b) Ocean individual events and the Board Rescue event are conducted in age groups as detailed in this section. In the Board Rescue event, the two-person team shall compete in the age group of the younger competitor.

The total of the three competitors' ages determines the team's age-group. In such circumstances the standard swim course will be used for the board leg and for the first and third turning buoy of the surf ski leg. An apex buoy placed approximately 10 m beyond the swim buoys will complete the surf ski buoys.
